About St. Joseph High School

Founded in 1868, St. Joseph High School is a private Catholic school governed by an independent Board of Directors. Backed by more than a century and a half of educational excellence, the original commitment of the founder to provide value-centered education and extracurricular opportunities still remains.

The Blessed William Joseph Chaminade, founder of the Marianist Order, had a vision for education that encompassed five principal characteristics of educating the whole person. The year 2017 marked the 200th Anniversary of the founding of the Society of Mary, and St. Joseph High School honors its past while building for the future.

The characteristics of a Marianist Education and our vision for St. Joseph High School include the following five elements:

- Educating for faith formation;
- Providing an integral, quality education;
- Educating in the Family Spirit;
- Educating for service, justice and peace; and
- Educating for adaptation and change.
